- ◆ Harmonious Blend of Classic and Modern Architecture
- ◆ Auriga Spa with Celestial Inspired Treatments
- ◆ Signature Capella 24 Hour Personal Assistant

Asia
SINGAPORE

Capella Singapore, nestled on the island of Sentosa, provides a unique oasis from the city, yet only a few minutes from attractions, including the premier Casino. As guests arrive up Capella's private driveway, they will be astounded by the verdant landscape and the old-world charm of the masterfully restored colonial building, centerpiece to the architecture. Once the club of senior British Military Officers, it's been meticulously restored as luxury villas, and manors, replete with first-class facilities. Blended harmoniously in this setting are curved modern buildings, housing rooms with spectacular views of Singapore Harbor while mimicking the rolling waves of the South China Sea, the hotel's turquoise backdrop.

The expansive rooms, suites, manors and villas reflect Asian inspired contemporary décor and are appointed with modern amenities. The tranquil ambiance is heightened at the Auriga Spa, which incorporates celestial rhythms in treatments, offering a complete holistic experience. Dining options at Capella Singapore include spectacular offerings of Mediterranean cuisine at The Knolls and fine dining at Cassia, serving Chinese cuisine, including its famous weekend Dim Sum brunch. Overlooking the infinity pool is Bob's bar, with a classic design inspired by the Cuban Island bars of the 50s. For complete fulfillment of the Capella Singapore experience, guests are invited to use the service of the Capella Personal Assistant.

Profile: 112 rooms, suites, manors and villas, children under 12 free in parents' room, 2 restaurants, bar, complimentary mini bar, spa, 3 pools, 24 hour athletic club, golf nearby, library, complimentary Wi-Fi and 24 hour room service. Located 25 minutes from Changi International Airport with nonstop flights from the US (New York, Los Angeles and Houston), Europe and Asia. Open year round.
