

TRISARA

Trisara, overlooking a private bay on Phuket's northwestern coastline, is a sanctuary offering breathtaking ocean views, maximum privacy and complete serenity. Its Sanskrit name means "Third Garden in Heaven" and the lush tropical surroundings, combined with the exceptional service, bring this to reality.

The pool villas, suites and residences are stunningly located above the bay. Each suite or villa features a private plunge pool with picturesque views of the Andaman Sea and modern amenities. The expansive pool villas are appointed with over-sized king beds and exquisite bathrooms with both indoor and outdoor showers.

The cuisine at Trisara is renowned for flavorful, authentic Thai dishes and international specialties. The center piece of the dining experience is the oceanfront teak decks set above the private beach, serving breakfast, lunch and dinner. The new Trisara Grill serves an extensive variety of grilled seafood, meat and vegetables. The signature In-Villa BBQ, set on the private pool deck is a must to enjoy.

The Spa treatments are designed using natural ingredients, including the indulging signature 6-hand "Trisara Royal" massage, when 3 therapists work in harmony to revitalize the body.
