

## KANUHURA

There is nothing more magical than being whisked away by private seaplane to the serene shores of Kanuhura, an island paradise wrapped in the bright hues of a turquoise blue sea and a never-ending sky. This all-villa private island hideaway is given life by the charm, gentle, warm and attentive hospitality of the Maldives. Accommodations are situated on the island's coral sand fringe and over the water on stilts. Each villa is fully equipped with a 24 hour villa host, open-air bathrooms, verandas extending onto the beach with private sun lounges, plasma television (cable TV), DVD player, stereo and private bars.

A unique dining experience, "Robinson Crusoe" Island Jehunuhura, provides guests with an option of an al fresco lunch at Cove Restaurant across a 1,000 foot shallow lagoon channel, just a five-minute boatride from Kanuhura. Fine wine and cigars can be enjoyed at the Handuvaru bar where music will play softly into the night. Kanuhura is a very private hideaway with a wide range of spa relaxations, activities, sports, restaurants and bars. Guests benefit from a large free-form pool with soothing water pressure beds. Close by are some of the world's best diving sites, with the outer reef dropping down nearly 6,560 feet. The casual barefoot-chic elegance in this magical and inviting playground has become the trademark of Kanuhura, all with a touch of stylish modernity.
