

INTERCONTINENTAL BORA BORA RESORT & THALASSO SPA

The InterContinental Bora Bora Resort & Thalasso Spa is a spectacular hotel located on Motu Piti Auu and anchored between the ocean and the lagoon by an extraordinary stretch of white sand beach, facing the pinnacle of Mount Otemanu. This luxurious resort sets a benchmark in elegance and impeccable service. Polynesian inspired, the hotel's elegant and contemporary décor heightens the unique wealth of the lagoon's colors. The overwater villas are spacious, including a separate living room with a glass bottom coffee table to view marine life, a separate bedroom and bathroom with lagoon views, internet connection, two flat screen TV's and CD/DVD players. Each large shaded terrace is equipped with sun-beds and a dining table. The sundeck below has a fresh water shower.

This luxury establishment prides itself on being the first to offer deep sea water thalassotherapy at the Deep Ocean Spa. And the first to preserve the natural environment by using cool deep sea water for the entire resort's air-conditioning system. These ecological developments are aimed at a sustained and harmonious development of this 'pacific pearl'. In such an idyllic setting, the InterContinental Bora Bora Resort and Thalasso Spa creates a magical spa experience, combining the soothing powers of the islands and the European therapeutic regimen of deep seawater's curative benefits.

Profile: 80 overwater villa suites & 3 motu (island) family villa suites, children under 15 free in parents' room, 2 bars, 2 restaurants, 13,500 square foot spa (some overwater treatment rooms), complimentary fitness and tennis center, watersports, 24 hour room service, helipad. Located on a motu 20 minutes by boat shuttle from Bora Bora Airport. Open year round.
