

## EXCLUSIVE VILLA COLLECTION

For the “Exclusive Villa Collection”, Island Destinations has combed its destinations and has carefully selected the most special, most luxurious and best situated private homes from the many that have been built in recent years. Villas are stunningly set by white powder sand beaches (often private) or are in the hills above, offering amazing vistas of the turquoise and azure sparkles below. Ranging from one-bedroom romantic hideaways to fully equipped spacious designer residences, these extraordinary accommodations typically include a swimming pool, all modern conveniences such as internet access, private quarters for staff, and gated entrances. Many of the properties are so exclusive that few know they exist.

**Profile:** Approximately 250 exclusive ultra luxurious private residences scattered throughout the best locations of the Caribbean, Mexico, Hawaiian Islands and Bali. Some are on the beach, some perched above them with magnificent views, but all come with pools. Car rental recommended for excursions to beaches, restaurants and nightlife. Housekeeping included. Chefs and butlers available. Airport transfers and personalized receptive representation is included in most destinations.
